Performing vehicle test with BMW Motorrad diagnostic system: Oil change, engine, with filter: Checking valve clearance (every 30.000 km) Replace all spark plugs (every 30.000 km)

### Maintenance intervals for BMW K1600GT & K1600GTL ...

The BMW dealer said that they rarely have to do a valve adjustment and I'm seeing negligible wear. Every time you remove the gasket, you risk damaging it and creating more problems. 12,000 miles seems like too often. I'm considering also moving the spark plug maintenance and the valve clearance to 24,000 mile intervals.
