Agenda Setting, the UN, and NGOs. Book Description: In the mid-1990s, when the United Nations adopted positions affirming a woman's right to be free from bodily harm and to control her own reproductive health, it was both a coup for the international women's rights movement and an instructive moment for nongovernmental organizations (NGOs) seeking to influence UN decision making.

explain the conditions under countries can manipulate the agenda to wield disproportional power over United Nations decisions, and (3) test the implications of these theories using newly-collected, original data that tracks UN proposal items from inception to final disposition.

Agenda Setting in the United Nations

Agenda-setting describes the "ability (of the news media) to influence the importance placed on the topics of the public agenda". Agenda-setting is the creation of public awareness and concern of salient issues by the news media. The study of agenda-setting describes the way media attempts to influence viewers, and establish a hierarchy of news prevalence.
