History

Most legendary muscle car models fit this mold. But as you may know, not all muscle cars come in this format. Over the years, the American car industry has introduced many cars people consider full-fledged muscle machines. However, some of them came in different packaging. Back in the 60's and early 70's, full-size models were family sedans ...

The 1960s and 1970s marked what was arguably the golden era of American automobile manufacturing, with a myriad of US-based marques releasing a slew of what were then considered to be incredibly stylish, masculine, and high-performance. We're of course talking about the fabled muscle car. Despite roughly half-a-
