Emperor Constantine and Christians in the Military Emperor Constantine Against the Donatists. I am still looking through my Justo Gonzalez book, but I ran across this: "Irritated at the obstinacy of the Donatists in declining even yet to accept their defeat, Constantine now enforced the decision of the councils by the aid of the secular arm.

Emperor Constantine and the Donatists | In 316 Constantine ...

Constantine I ("the Great") is usually held to be the founder of the Byzantine Empire. He was responsible for several major changes that would help create a Byzantine culture distinct from the Roman past. As emperor, Constantine enacted many administrative, financial, social, and military reforms to strengthen the empire.

The Eastern Roman Empire, Constantine the Great, and ...

Constantine was a great military commander winning major victories over the Franks and Alamanni in 306-08, and later against the Visigoths in 332 and the Sarmatians in 334. This strengthened his political strength as he came to be viewed as someone who could unite the fracturing Roman Empire.

Constantine The Great Biography | Biography Online

Between AD284 and AD337 - the era of emperors Diocletian and Constantine, and the setting of the "Twilight of Empire" novels - the Roman army not only fought a series of bloody civil wars, but defeated every known enemy on the frontier and expanded the empire for the first time in a century.

The Roman Army of Constantine - Part One — Ian Ross

The German and Sarmatian campaigns of Constantine were fought by the Roman Emperor Constantine I against the neighbouring Germanic peoples, including the Franks, Alemanni and Goths, as well as the Sarmatian lazyges, along the whole Roman northern defensive system to protect the empire's borders, between 306 and 336. After becoming controller of the western provinces along the Rhine limes following the death of his father Constantius Chlorus in 306, Constantine initially ...

German and Sarmatian campaigns of Constantine - Wikipedia

Constantine was a pagan monotheist, a devotee of the sun god Sol Invictus, the unconquered sun. However before the Milvian Bridge battle he and his army saw a cross of light in the sky above the sun with words in Greek that are generally translated into Latin as In hoc signo vinces ('In this sign conquer').

The Battle of the Milvian Bridge | History Today

While public attention is focused on the growing statistics on the coronavirus, a profound reorganization is taking place within the executive branch of the US power. The leadership of the health ministry is assuming priority in policy making. In the shadows, worried bankers and military officers are scheming on an usurpation of power.

Now, Constantine not only had well-experienced men fighting alongside him, but he was strengthened by these beliefs. The Battle at Milvian Bridge Battle of Milvian Bridge by Le Brun. On the 28th of October, the legions of Constantine and Maxentius clashed. Constantine's legions pushed Maxentius' forces back after the latter tried to cross ...

Battle of Milvian Bridge and Rise of Christianity

The reforms of Diocletian and Constantine. The definition of consistent policy in imperial affairs was the achievement of two great soldier-emperors, Diocletian (ruled 284-305) and Constantine I (sole emperor 324-337), who together ended a century of anarchy and refounded the Roman state. There are many similarities between them, not the least being the range of problems to which they ...

Byzantine Empire - The reforms of Diocletian and Constantine

The Greek crisis is often diminished to a simple story of Debt versus the People. Richard B moves between the symptomatic details of everyday life in Athens today and the deep history of the crisis to recover gleams of human possibility beyond the narrative of bad bankers and rad technocrats 

Athens and the Bankers - Mute

On March 23, Wall Street on Parade reported that the Federal Reserve took on new unprecedented powers to decide which companies and banks live or die in the midst of the COVID-19 hysteria which is propelling the western nations into the greatest crash in history. Federal Reserve purchases of toxic securities from the balance sheets of banks have also become limitless as the former cap of \$500 ...
