If it is the same unit that we purchased, then it is an air conditioner and not an evaporated cooler (ie: does not use water to cool the air temperature down). Check the Heller website or help line as I think there was a manual available.

Heller ACKP12C Questions | ProductReview.com.au

The Heller Portable Air Conditioner was purchased from Bunnings and had little use cooling down our bed room. The unit its-self was efficient but very loud (Bunnings did warn us that it would be). Problem came when we emptied the water collector and went to re-start. It would not go again so we called the importing agents.

Another portable A/C. I have leaks hot exhaust air around the connection unless you tape it up. I bought this as a short term fix only - it's a large room so it's really just for spot cooling. Once the summer is over I'll sell it, since we're getting ducted cooling installed in the off season this year.
