MARXIST THEORY: An Outline. Ted Trainer. 15.2.2017 ... Marx argued that dominant ideas are the result of material or economic conditions and class relations and he was therefore strongly opposed to reformers who thought that mere change in ideas can change society. The main types of society Marx distinguished were primitive, slave, feudal and capitalist. In a capitalist society capitalists own ...

### MARXIST THEORY; A brief Introduction

It also produces workers and capitalists, rich and poor, and continually reproduces these class relations through the market mechanism, driven by the law of value. The apologists of the capitalist economy say that markets give us 'consumer sovereignty'. The market system is in effect a giant economic democracy, where we vote with our money for what we want, not just once every five years but ...

### An Introduction to Marx's Labour Theory of Value

Marxism is a method of socioeconomic analysis that uses a materialist interpretation of historical development, better known as historical materialism, to understand class relations and social conflict as well as a dialectical perspective to view social transformation.It originates from the works of 19th-century German philosophers Karl Marx and Friedrich Engels.

### Marxism - Wikipedia

Marxism, a body of doctrine developed by Karl Marx and, to a lesser extent, by Friedrich Engels in the mid-19th century. It originally consisted of three related ideas: a philosophical anthropology, a theory of history, and an economic and political program.There is also Marxism as it has been understood and practiced by the various socialist movements, particularly before 1914.
