1-5 Interesting Math Facts 01. Hairy Ball Theorem: The hairy ball theorem of algebraic topology states that there is no non-vanishing continuous tangent vector field on even-dimensional n-spheres. In simple terms, it's impossible to comb all the hairs on a tennis ball in the same direction without creating a cowlick.

25 Kickass and Interesting Math Facts | KickassFacts.com

You could write out a whole set of math facts on several paper plates, but we chose to work on +2. In the middle of the paper plate, I wrote +2 and then around the paper plate I wrote the numbers 0-5. Next, I prepped the clothespins by writing the sum of each math fact at the end of the clothespin.

Paper Plate Math Facts - 123 Homeschool 4 Me
