Competitors compete in rodeo performances against the other cowboys or cowgirls entered in each specific event. Horses and bulls are normally bucked-out only once per day and each time that a competitor rides is called a go-round. Some rodeos have multiple performances (over several days) and riders get a chance ride more than once.

Rodeo, sport involving a series of riding and roping contests derived from the working skills of the American cowboy as developed during the second half of the 19th century to support the open-range cattle industry in North America. Although its development as a sport occurred mainly in northern Mexico, the United States, and western Canada, rodeo's popularity is global.
