America still is getting more diverse, but many of the changes to the nation's population might surprise you. On Thursday, the U.S. Census Bureau released its 2016 population estimates by race, age, and sex. The data gives us more detail about what constituted the 0.7% population increase between 2015 and 2016.

Racism in America. As we trudge deeper into the 21 st century, racism in the United States continues to present continuous problems to our society. While the biological conception of race and genetic differences between people with lighter or darker pigmentation is a made-up fallacy, we have nurtured a social hierarchy aligning with it, creating very real
