While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

The Consultants Guide To Successfully

That is what differentiates this book from the others available on lean tools. As a consultants guide, I focus on how to successfully implement the tools for the long term. Using the tools is one thing. Teaching them to others is a good next step. Learning how to implement sustained change is what a good consultant does.
